* Freephone number for serious, life-threatening emergencies that require an ambulance or helicopter with medical personnel.

** Switchboard for on-call medical services. This telephone service offers medical advice from doctors and can send out the doctor on call for your district to you if necessary. Please call this number if the patient's condition is not serious or life-threatening. Patients calling for telephone consultations will be charged according to the TARMED doctors' rates. These charges can be claimed back from health insurance providers.
